My job is ONLY to gather evidence of the HOLY SPIRIT, the Paraclete, and the Sure Signs of his 'Second Coming' in the Age of Al-Qiyamah that has Come. "Yes!" Let the Resurrection of the Faithful of Abraham come. (January 27, 2021)

"This is the changing of times, the eve of a new millennium, the verge of a new era for humankind. It is a new beginning, a time of transformation, and of a sweeping, collective change among all people.

It is the birth of an age of peace, a New Age, which will lead us to look inside ourselves, then force us to go beyond what we have known. As with any birth, it will be a time of challenge, a time of pain, a time of realization, and a time of ecstasy.

The evidence of the change is all around us. What people speak of as the Apocalypse is already here. We are living in it. We are living the climatic moments of humanity. Everything that was prophesied of horror, death, destruction, and brother against brother is happening. Look at Bosnia, for example, and the war horrors there.

But this moment should not be looked upon as tragic. Indeed, we are passing through a portal in time, into a golden era of peace and enlightenment. Those terrible events that fill the headlines are the paroxysms, the death throes of an era that is ending. In the closing years of this millennium and the dawning of the new, those paroxysms will turn into cataclysms. The very Earth itself will be rendered by the savage grip of celestial forces more powerful than it has felt in nearly thirteen thousand years. But the time of trouble is brief, and once we emerge in the new era, once we have stepped through the portal, the pain will be behind us, disappearing into the past just as the darkness of night disappears with the dawning Sun . . .

We are bombarded with negativity. But now is the time for us all to recognize our immortality, to let go of our fear and embrace life, accept the New Millennium with a divine and glorious "Yes!" Let the transformation come. It is an affirmation that comes not from the mind but from the heart. Aquarius is an era of love, of peace, of knowledge, and of spiritual discovery. Those who do not accept this transformation will not evolve. This is the time for us to recognize our immortality, our enormous divinity. And once we have, we no longer need to be afraid of anything or anyone."
