When the Pentecost Father was threatened, his pit-bull Steven Hassan¹ attacked the **Mother of all Cults**. She woke Her **pariah dog** who started barking of the **only unforgivable sin**, and all **blasphemy**¹ fled from his Google Empire. So, Steven, you do have ears that *fear* the Savior after 2000 years. This **pariah dog** is now ready to bite all **false brokers** for believers of Christ, Sahaja Yogis included! 1. Sahaja Yoga aka Vishwa Nirmala Dharma - Shri Mataji Nirmala Devi's Sahaja Yoga Second Coming? or Mother of all Cults?

By catching the same string, the chief newspaper editor who came to a meeting said, "You're very lucky that you got your realization through Sahaja Yoga, even though you re in jail. The balance in life is achieved by the process like Sahaja Yoga. Jails will be no more there if the community understands this yoga. And it will prosper the lives definitely."

Furthermore, he said that there are many people with obstructive minds and criticism in their tendency, but when they pass through such a process of mind peace and experience realization, then complete transformation is seen in their lives. Mr. Sadashiv Shukla, while informing Sahaja Yoga, said that it is practiced by millions [grossly inflated figure] of peoples in about eighty countries all over the world. The person ascends with the cleansing of his mind and body.

The jail superintendent said that all prisoners are under stress all the time in jail, are always burning with revenge in their mind. To make their life easy and sahaj, such a process is carried out, which made peace in the prisoners, gave them self-discipline and productivity in jail is increased.

Mrs. Madhuri Mohgaonkar was a channel to arrange this program not telling Rogers [Vancouver] & other cable companies that SY is a religion & that the guru is head of her own religion thus getting free broadcasts & publicity. Also, TV exposure sets viewers up to assume more of a background check than is the case.

A Sahaja Yoga radio program is going to more than seventy radio stations across Australia via satellite. Three to six thousand listeners tune in. (Every Sunday since 1995 at 2SER.FM oldest community radio station in Sydney, Australia at 107.3FM.)

Planned for the U.S. is a series of half hour shows that will be introduced by U.S. SY leader, Dave Dunphy & broadcast on PBS. They include carefully selected excerpts from the guru's talks interspersed with carefully selected interview questions and answers from carefully selected group members.

Also coming is a documentary on the life of the guru. An info-commercial called the Vision has been made & effort is made to get libraries to carry and TV stations to broadcast it. It is also being used at recruitment meetings in the U.S.

In October 1997 SY made major inroads in Turkey. The most important event was the very positive attitude of the media! The same media was very hostile and sarcastic against Sahaja Yoga some two years ago.

And the most important [event] was the realization given to millions by Yogi Mahajan [a SY disciple] on the 8 p.m. TV news! Many viewers phoned to tell they felt the cool breeze. Turkey, being the first and the only Islamic country where Sahaja Yoga is practiced, this event is also important for the Islamic world where fundamentalism is on the attack.

[emphasis ours, and evidence of their Quran declaring that their "bodies to begin speaking" during the Resurrection for ears that want to hear.]

This TV show was also watched in all these lands the Middle East, Europe, Asia covering over 150 million people. d. approaching medical schools, medical conferences & alternative medical establishments to legitimize SY by getting them to sponsor or allow activities dealing with it & again deliberately leaving out the more colorful of the organization's teachings. Scientists and medical doctors are ignorant of what to watch out for and are very easily taken in.

A team of Sahaja Yoga medical doctors & organizers went to China in April 1996 to a World Epilepsy Congress to present Sahaja Yoga to medical delegates. Also exposed were Chinese officials within the Department of International Relations, the Sports Ministry and the Department of Health. Specific Chinese officials exposed included Mr. Shen Yu Long, the Director of Foreign Affairs at the Bureau of Chinese Traditional Medicine; Mr. Cui Gupwei, Vice Director of the Beijing Physical Culture and Sports Commission; Dr. Shen Zhi Xiang, M.D., the Director General of the Department of Foreign Affairs, State Administration of Traditional Chinese Medicine; Jiang Zai Zeng, the Vice-Director; Professor Chen Shikul, Director, Department of Administration; Mr. Shen, Division Director and Ms. Gup Jing Hua, Program Officer.

As the result & without taking the care to investigate the group & get the whole story, the Chinese accepted a proposal to establish in Beijing a Medical Research Centre to teach & research Sahaja Yoga.

If the scheme succeeds, similar clinics will be established all over China. In addition, tentative agreement was made to have some hospitals offer doctors a six month training course in Sahaja Yoga, with the granting of diplomas in Sahaja Yoga practice. What would such a course include?

A Hong Kong/Australia based SY disciple Alex Henshaw writes, "It will be an interesting exercise as we have to cut out all references to God, religion or devotion and worship. We are currently developing a course which will give a more medical picture. It will also contain a philosophical approach which is leaning more to Confuciusian [sic] ideals to make it more acceptable to the Chinese people."

[emphasis ours concerning Sahaja Yogis, the "imposters who continue brokering for Christ" in the name of the Paraclete Shri Mataji.]

We have also got the provincial head of the Health Administration in Guangdong interested in running a similar course in southern China. Another group exposed were English representatives from the London based David Lewis Foundation & they want to experiment. [Hong Kong ashram: [1/F 38 Blue Pool Road, Happy Valley, Hong Kong](http://1/F_38_Blue_Pool_Road,_Happy_Valley,_Hong_Kong). Tel: 852 28935227 Fax: 852 25044965; new address Flat D, 6/F, Lei Shun Court, [106-126 Leighton Rd., Causeway Bay, Hong Kong](http://106-126_Leighton_Rd.,_Causeway_Bay,_Hong_Kong)]

Meanwhile in Sydney, Australia a franchise group of medical centres have decided to offer its patients free Sahaja Yoga programs, as bona fide treatment to alleviate stress. All those patients who complain of stress

or stress-related diseases to any of the doctors serving these medical centres will be referred to the Stress Management Programmes run by a Dr. Ramesh Manocha and other yogis. [Will patients be told ahead of time minimum of minimum that Sahaja Yoga is a religion?

If experience is an indicator deliberate effort will be made to keep in the dark what is needed for informed consent] e. to present SY in such a way that prestigious organizations (such as Saint Petersburg based Russian science academy Petrovskaya Academy of Science and Arts with people like Einstein as honorary members) confer honorary membership on the guru thus legitimizing her cause & then using this to advertise the group.

Similar effort with the U.N. which in 1989 awarded the guru their yearly peace award & the Nobel committee so it short listed the guru for the 1996 Nobel Peace Prize opening the way for the ultimate advertisement & vehicle to quash naysayers. [As above so below] f.

On 2 May 1996 Shri Mataji was awarded *La Plejade* an international award given through the Presidency of the Council of Ministers, the European Parliament Office and the Planning Institute for Quality of Life and Unipaz (associated with the U.N.) and other organizations.

According to the judges Shri Mataji is proposing new directions on the path of human evolution guiding us to meditate on the deepest dimensions of ourselves, and helping the foundation of a balanced and serene society where peace can be actualized, starting in the deep self of each individual.

[emphasis ours about THE MOTHER and the Kingdom of Quantum Mechanics within]

[Their selection process completely failed to penetrate the group's public aura. Why?] g. securing non-profit status for the organization [Vishwa Nirmala Dharma Education Society] while behind the scenes cash & checks change hands to fund the guru's latest gold, silver, ivory, crystal, etc. present h. getting the well placed or famous or those related to them to write letters of welcome or speak favorably at group events or confer honors on the guru or disciples based on incomplete information about the group.

Some examples of who became a mark by missing the mark: provincial premiers Mike Harcourt & Wm. Vander Zalm, a late 1980's early 1990's provincial governor general whose name I do not recall, Vancouver mayor Philip Owen. A few of the foreigners not left out: Bal Thachkery, leader of the Shiv Shena party in Maharashtra India; Iranian Ayatollah Medhi Rouhani; grandson of Alfred Nobel, Marcus Nobel and other relative Claes Nobel; R.N. Anil, Secretary General of the Unity International Foundation, New Delhi who is to give the guru the Unity Award for International Understanding in late 1997.

In Cincinnati, civic officials have sanctioned a Shri Mataji Nirmala Devi Day. And the guru tells followers "the American Congress of you can say the parliament of America has sent a very beautiful certificate for Me." Dr. U.C. Rai, an exponent of Sahaja Yoga, [was] conferred the *Vladimir Vernidzky Award* for making significant discoveries and research in the field of energy information science.

Dr. Rai, who is currently director of the International Sahaja Yoga Medical and Research Centre in Mumbai was presented the award by Prof. J. Halperin in Moscow on August 30th [1997]. He also attended the third International Congress of Folk Medicine in Russia, which was held under the aegis of the All-Russian Scientific and Research Centre [where] he presented a paper on the effects of Kundalini awakening.

Rai insists to followers that the kundalini energy is different from what the Russians call bioenergy so the Russians may well have awarded him for research into other than what Rai, himself claims is being studied.

[emphasis ours as *K'ulthanilini* was known to all indigenous cultures of the Americas for thousands of years, until destroyed by the *Marlboro marauders*.]

i. starting a Los Angeles area film company with a name like *Immaculata* to produce & distribute info-commercials [let us pray] identified as such as well as feature films promoting benign philosophy &/or major historical figures & associating group teachings with those. An info commercial called *The Vision* has already been mentioned.

j. using writers, singer-songwriters to radiate selective group philosophy over radio & TV. As well, getting Alternate Press such as Seattle's *the New Times* & Vancouver's *Common Ground* to write puff pieces about Shri Mataji highlighting say her address to the United Nations Conference on Women held in China in early 1996 where, is usual, the untoward was deliberately left out.

A European theatre group called the *Theatre of Eternal Values* made up of SYs tours with various plays and during each performance give Shri Mataji and Sahaja Yoga a plug. Sahaja Yoga's own literature brags that during Sahaja Yoga music and other theatrical performances the audiences without consciously being aware of it are exposed to addictive energy effects the meaning of which Sys then interpret for newcomers as something wholesome. If the effect really happens, hard science is woefully behind explaining the

phenomena and the group has the field to claim whatever they want & here is why SY dwarfs Scientology & the rest with potential for trouble.

k. using the internet to lure surfers to waters beneath which more than a little is deliberately hidden
Australia: <http://www.sol.com.au/kor/kor.html> Canada: <http://www.metamoderner.com>

l. guru approved formation of a political party called *Satya Marg* (True Path) Party to run in the 7 May 1996 Indian elections in which all party candidates are members of Sahaja Yoga but which has no official ties with Sahaja Yoga. While professing need for reform & using high sounding rhetoric, the real power is the nonelected guru. It would be interesting to know whether candidates admit to voters that all are members of Sahaja Yoga. If not, voters would be condemned to making uninformed choice. [Withholding information a virtue; forthrightness a sin; a nonelected power behind the scenes to whom elected candidates literally do forehead to the ground obeisance. "True Path" to what?]

j. Setting up booths at fairs of various kinds and luring passers-by into Sahaja Yoga.

k. Going to East Indian Temples and tricking the authorities into letting worshippers be exposed to Sahaja Yoga. l. Holding religious conferences at which SY members grasp at whatever they can to tie SY with Holy Books or beliefs. Attendees do not admit their affiliation with SY & count on the press (in the case of the East Indian) not to surmount 16 thousand years worth of guru business conditioning & with the western press not to overcome the habit of seeking profit through sensationalism.

Either way the result is uncritical articles that help spread SY. By not admitting SY membership, given is the impression that the outside world has discovered SY & endorses it. If non Sys show up, the occasion is used to recruit them which should not be difficult because with the progress of science more & more pillars of faith collapse leaving more & more grasping & vulnerable to a Sahaja Yoga.

Islamic Conference Focuses on Sahaj Yoga reported in *Hindustani Times*: SYs who are Moslem hold a conference at which they use whatever they can to tie SY with Moslem Holy Books & beliefs. They do not admit their affiliation with SY & count on the press to be the press 2. absolute loyalty threats of punishment in the here-and-now as well as the hereafter to anyone who says anything negative about the guru.

“Anything against Christ will be forgiven but nothing against the Holy Ghost. Declare to all the nations now that I am the Holy Ghost and I have come for this special time, that is the resurrection time. Birthday Puja Talk, Sydney, 21 Mar. 1983

[emphasis ours because Steven Hassan, after checking the evidence of that warning at www.adishakti.org, removed all his blasphemy against Shri Mataji. Anyone here can write to Steven Hassan and ask why this article was removed. Better still, send this post with all the links that any blasphemy against the Paraclete-HOLY SPIRIT will not be forgiven in the Age that has Come.]

“the deities, devas and ganas [invisible spirits] are constantly watching how obedient we are towards Shri Mataji” *Nirmala Yoga* Vol. 3 No. 17 September-October 1983 p. 39 para. 5

In the 1996 Guru puja talk, Mataji describes invisible forces that work for her killing three media people in Turkey who were responsible for articles critical of Sahaja Yoga and that this paved the way for a favorable press in Turkey.

“Christ is Me, now sitting before you. It is all said about Me. Try to identify with Me.” What is expected of Sahaja Yogis and where are we? Bordi Puja Talk, 13 Feb. 1984 3.

marginalizing those who are slow or unwilling to accept official views; false characterization & vilification of those who leave or else no mention of the departed no matter what the contribution or how long the involvement

4. having no qualms about accepting donations of money or equipment from those being marginalized

5. claiming freedom of members in the face of their psychological dependency & fear 6. Telling people one thing while knowing the truth to be something else.

Claims kundalini awakening cannot be forced; the individual must desire it, must consciously ask for it, that above all else the freedom of the individual is to be respected. This supplements the point made about addictive energy effects.

[emphasis ours as only those who have ears will hear Jesus. Till today the Sahaja Yoga organization does not tell the reason behind kundalini awakening i.e., to take part and experience the Resurrection and life eternal that was promised in the Age to Come. The rules and rituals of the Sahaja Yoga organization has nothing to do with the message of the Savior and his Paraclete.]

During the 1993 Canadian federal election the guru came to Canada & from newspaper photographs of party leaders picked Mel Hurtig as the one worth supporting. She then from the photograph alone & by her

own admission raised his kundalini energy. Next day Hurtig on radio swore to return the favor to whoever it was who gave him a foul cold suddenly come up & which he assumed was from someone on the plane.

[Kundalini awakening was forced; Hurtig was told nothing & still knows nothing about the matter; no respect was shown for his freedom. **The guru claims that it is paramount that the freedom of the individual be respected but her actions show she does as she pleases & has no respect for conscious choice or rights of the individual.**

[emphasis ours as the Paraclete has openly declared the Resurrection and Last Judgment of Jesus in all public programs. She has repeatedly told Her disciples to do the same: "Now the Time has come to start talking, announcing, telling about it to everyone. Otherwise the world would say that we never knew about it." Shri Mataji cannot be blamed if Her clear and repeated instructions were not followed by the false brokers of Christ, the SYs.]

7. members adopting odd mannerisms [reflecting stress?] & rationalizations for them bowing the head, crossing the arms, & with thumb & forefinger of each hand gripping an ear lobe & imagining such posturing will elicit forgiveness from the Divine

8. magical thinking

- a. flooding in the U.S. Mid-West several years ago supposed to be punishment to those who in previous lives were mean to the American Indians
- b. all natural disasters (floods, earthquakes, fires, hurricanes, tornadoes) are triggered by the Hindu entity Vishnumaya
- c. if a pregnant lady sees an eclipse of the moon during pregnancy then her baby will be born with possession
- d. rampant alcoholism in Paris, France due to spirits of the dead rising from the myriad of graveyards in Paris & infecting the living
- e. lesbianism & homosexuality are due to possession
- f. schizophrenia is due to possession
- g. epilepsy is due to possession
- h. astrology back & held up as a source of truth
- i. guru claiming credit for defeat of Hitler & fall of communism yet no explanation for legal defeats when she sued the French press for writing up SY as a cult or Merv Griffin for leaving her sitting back stage instead of having her on his program. [Either the ways of God are mysterious or not even He could have beaten O.J.'s Dream Team]
- a. some followers holding in reverence leavings from the guru s body such as hair and finger and toenail clippings. [I am tempted to ask if another leaving is Holy but bear up & resist]
- j. this for victims of the Holocaust, survivors, and their descendants:
"He [Christ] has done [suffered] for us this is the point where the Jews must understand. The other day I was reading today only some discussion with the Archbishop of Canterbury took place and the fellow was asking him questions as if he was asking questions to God. And in a way, he said also that I would ask this question to God. This why is it so many Jews were killed? They asked for it! They wanted that they must suffer because they wouldn't give the credit of suffering to Christ. They thought we all had to suffer. Ego. It's ego. How did anybody suffer for us, we must suffer separately. They couldn't give that credit to Christ. And all the later thinking was that we must suffer. So, whatever you think comes into action on this gross level. So Mr. Hitler was born and he made them suffer." *The Creation of Lord Jesus* Talk, 4 Nov. 1982 9.

putting people in situations where they feel effects, then defining for them the meaning of those so that they become attached to the group. [Ignores the fact that many of the same effects can be duplicated through alternative methods: Reiki, Lency Spezzano emotional release techniques, *Centrepointe Research* audio tapes using sophisticated audio technology & void of philosophy]

10. encouraging a large variety of practices which do not have any scientifically proven value & when the individual who has done them in good faith is not bettered, perhaps even become worse, blaming him for the result

11. element of anti-science, anti-intellectual bias which sets stage for members accepting things because so-and-so says so or on sensations in the body which may be just conditioned responses & if not that then the sensations cannot be used to rule on what is being discussed.

I have good reason to believe the sensations are conditioned responses. I have trained myself to get a strong affirmative response to the question "Is Shri Mataji Nirmala Devi the anti-Christ?" which is the exact opposite of what the followers hold dear. Problems with all this:

- a. provides a vehicle through which members can take advantage of other members
- b. closes member's minds to views outside the group; conditions people to plug their ears at the mention of professions & categories of people (psychologist , intellectual, mental people etc.) who have the potential to recognize & put negative cast on techniques of individual & group control
- c. can put member s lives at risk when they postpone or completely forego standard medical treatment with proven success against their condition(s).

Chief SY front man and M.D. Prof. U.C. Rai, lecturer at Oxford & Zurich, tells Sys [and this contradicts what Mataji promised them], they will not become their own doctors and will have to rely on others to judge what is wrong with them vibrationally because self-diagnosis is not reliable. Slipups in SY newsletters have SY M.D.s using SY methods unable agree among themselves what the problem is or the solution.

12. financial hooks & effortful initiation a. guru s multi-hundred thousands or by now possibly millions dollar collection of presents (\$5000 gold crown, \$10000 crystal swan etc.) accepted on a national basis despite condemnation of material tendencies in rivals. Esthetic loot, follower money, & free labor on Mataji s growing real estate empire would probably be enough to start her own Tilden Rent A Car.

[Anyone who says boo to this can expect the Jesus Christ, Himself, to do a bigger & more lasting number on the malcontent than a tag team of Hulk Hogan and Jesse "The Body" Ventura.] b. 500 to 1000 British Pound (not including air fare) India Tour in which members spend two to five weeks of heroic bus & train rides, recruiting events, all night sing-along in mainly foreign tongues, sight-seeing, & lecture sessions on the confusing genealogy, qualities, & foul temper if not kept pleased of a myriad of multi-named mainly Hindu deities c. arranged marriages in which members partners are selected from a pool of other members also on the tour based on the guru s assessment of compatible vibrations.

[Turns out now it is the national "leaders" that do the choosing not the guru. The real reason is probably that the more people can be made to sacrifice, give in, allow others to decide things for them the deeper the psychological attachment is and the easier it is to control and further indoctrinate. Lead-a-long and deception are never justifiable and where they take place is clear warning to beware. Rationalising such practices as showing respect for people's freedom to find out things for themselves is rubbish and those suggesting such would do well to find the courage to introspect, face the unpleasant truths and move on. The one they should be angry with is Shri Mataji. She may not have a degree in psychology but knows well all the tricks and methods to prey on hope, fear, and idealism.]

13. various techniques to strip followers of what is needed for autonomy a. As long as you try to be individualistic you cannot be a good Sahaja Yogi. You have to become One with the Whole. Mother Earth Talk, 21 August 1983 quoted in Nirmala Yoga b. **"When you are resurrected the first thing that should happen to you is to understand you are no more an individual, but you are a collective being. You are no more an individual. All things that circumscribe [sic] your individuality throw that away. You are no more an individual."** The Creation of Lord Jesus Talk, 4 November 1982 quoted in Nirmala Yoga

c. Ambition is absolutely against Sahaja Yoga [discouraging ambition] d. The yogi does not plan; he knows what is going to happen [discouraging planning] e. change your friends; they are Sahaja Yogis now; change your friends [limiting social contact to members of the group forcing lip service & finally allegiance to group thinking or its lack] f. discouraging opposite sex members from meeting outside group settings or even speaking to each other privately by phone. If in addition to nature s call, individuals are chafing over other matters then they are to speak to the local leader, who in turn, is in frequent contact with the guru.

As a tool that weeds out the half-hearted, the doubting, & the critical while maintaining control, this simple technique is hard to beat. e. Don t judge yourself by what you think of yourself but what Mother thinks of you. How much joy are you giving to your Mother? If you make Her unhappy then what is the use. Nirmala Yoga Vol. 3 No. 17 September-October 1983 p. 36 para. 2. [Individuals not responsible for their own happiness but relying on others to provide this. Could be a long wait] f. encouraging members to attribute any & all successes to either the system or the guru s grace while accepting total blame for any & all failures

14. guru playing off national groups against each other

15. strategies to bond members to group in face of outside criticism a. letter writing campaign to French press when, in 1990, reporters infiltrated the group & wrote it up as a cult. This not done to persuade the critics but to hook the followers by virtue public confession of faith verbal or written. b. encouraging members to send their children to schools in Rome & later India where they are bonded more strongly to the group & guru than to their own parents & where despite the good education given, also included is indoctrination in group dogma & no chance to hear alternatives to it. They are not your children; they are My children. They [your children] have been telling me [the guru] all about you [the parents].

16. lowball technique in which early promises are qualified to the point of saying that very few people are of a calibre to really benefit. This provides a dilemma for the organization because world class people get that way through judicious use of ambition, planning, effort, intellectualism, autonomy, & ego [separate sense of self; pride in one's achievements], & know they cannot stay that way without those things.

Those remaining in the group are left with some choices:

- 1) paying selective attention to what is being said but carrying on as before & not by any chance following the edict to treat the guru s every word as a mantra;
- 2) believing against objective experience things will go well by staying silent & playing along;

3) rationalizing other reasons for continued involvement & hoping detractors are somehow wrong Some general books on cults and persuasion that warn of things to be aware of ahead of time: Cialdini, Robert B. 1984 *Influence: How and Why People Agree to Things*. 1st ed. If these people are approached as member of the press most will probably run away or cringe in silence until the questioner goes away. Their preference would be to treat the questioner as a seeker and dole out information slowly. This was the method used on them.

For real fireworks try asking if cult identifiers that apply to this group are in play or draw attention to all the things group members turn blind eye and deaf ear to convince themselves SY is what they think it is, not what it really is. [Idea of possession from wearing consignment clothes or being barbered by someone not in Sahaja Yoga, the legions of invisible spirits spying for the guru on the followers, the guru's "present" collection etc.]

[emphasis ours as I have experienced first-hand that madhouse that is Sahaja Yoga from [1993-2000](#) that has made most newcomers immediately flee. Without question, one will get 'sick' practising the subtle system Sahaja Yoga that has nothing to do with the Resurrection and Last Judgment that She has declared hundreds of times over four decades from the 1970s-2010s.]

For the medically, scientifically trained, good questions would uncover recommended treatments & ask what objective proof exists showing these do anything flattering for whomever does them. It would be interesting to know which practices those questioned personally follow despite no scientifically proven value. Ask for proof Sahaja Yoga causes genes to change, myelitis, and cancer to be cured as is claimed in the guru's book *Meta Modern Era*.

Concerning those doing research on Sahaja Yoga what safeguards are in place to ensure objective work from those researchers who also practice Sahaja Yoga? Sample treatments:

- a. Shoebeating: After circling a spot with a hand while sitting on the ground, writing with a right finger some problem and then hitting the spot with heel of a left shoe at least 108 times while staring upward, ideally with a vacant mind. [Can attest from personal experience that it does not save Canada from Free Trade or NAFTA; hold the line on cuts to Medicare, education, or the CBC. And far from becoming pillars of salt, neo-conservatives become pillars of wealth & power.]
- b. Sleeping with olive oil soaked cotton batten in one's ears or ghee [melted butter] up one's nose
- c. Stopping all psychiatric and psychotherapy treatments for mental disorders, and slowly reducing the

intake of drugs given for the disturbance as prescribed in the *Treatment Book* in favor of affirmations, writing the problem on paper and burning the paper, waving burning candles about oneself with or without the feet resting in salted water etc. Her Holiness Shri Mataji Nirmala Devi 1996 *Meta Modern Era*, 2nd ed. Excerpts from *Meta Modern Era*: p. 8 para. 1 the first great astrologer, Bhrgumuni.

“In his book *Nadi Granth*, he made clear predictions about these modern times. He also specifically predicted how the Kundalini would be awakened spontaneously through Sahaja Yoga, that is, spontaneous union with the Divine, and become the means to both individual and collective transformation on a mass scale, through teachings and incarnation of a great Yogi.

This Yogi would be an unparalleled master of the Kundalini and would teach all the people the ancient secrets of self-transformation. These are the times described in the Holy Bible as the Last Judgement and in the Koran as *Kiyama*, the Resurrection Time. Astrologically it is also called the Age of Aquarius, the time of rebirth and of great spiritual development on the Earth.”
