2010, January 22nd

To Parampuja Shri Mataji Nirmala Devi,
Shri Adi Shakti, the Great Goddess,
Our most respected Guru and
Our beloved Mother,

We, the Sahaja Yogis of Belgium, bow to You with all our devotion and love.

At the beginning of this year 2010, first of all we would like to thank you for all you have given to humanity in this lifetime. This year, forty years will have passed since the historical opening of the Sahasrara Chakra. In these years, You have shown us how transformation is possible. We can only begin to understand the greatness of the blessings we have been given, to be guided by the Adi Shakti Herself, who has come to us to be our Guru, teaching us with the love and patience of a Mother.

Having received your messages at the beginning of this year, in this letter we would like to humbly offer to your Lotus Feet some first thoughts on how we hope to answer your call. There is no other desire in each of our hearts but to answer in joy to any desire of our Mother.

This last Sunday, the Belgian Council for the Advancement of Sahaja Yoga has met, and later in the day the whole collective was invited to decide on the future actions of the Belgian collective and of our centres. All together they have established some directions for this year.

Since some months, the national Council had expressed the desire to renew and/or enlarge the small council we are having at this moment. So our Mother's message has been such a sweet confirmation to us and a great motivation to make immediate decisions to get it done. This last Sunday, the Council decided on a method to choose new members for the Council. The work of our brothers in Australia has been the base of the text, which was simplified because our country is much smaller. The simplified text is attached to this letter. This procedure will be used to renew the national Council this year and will be changed by the new Council if needed.

An agenda for the renewal of the Council has been decided. Candidates will be chosen in all the centres this month and on Saturday Feb 13th the names of these people will be put at Mother's Feet and the vibrations will be checked for final choice.

Also on Sunday, in the general assembly of Belgian yogis, yogis from the different centres have come forward to express some directions for this year. These are the decisions.

First of all, with awareness of our limited resources, we formally and joyfully accepted the task of spreading Sahaja Yoga in neighbouring countries and wherever yogis will enjoy going and helping.

Next, every centre has expressed the particular actions they want to take in 2010. Yogis have come forward with new ideas to reach people and give realization and to teach Sahaja Yoga. Also it was recognized that another task in any Sahaja Yoga centre is to take care that the collective has regularly the opportunity to cleanse each other and strengthen one's vibrations.

It was also emphasized that this year is the 40th anniversary of Sahaja Yoga and this occasion would be celebrated in order to increase the recognition of our Mother's great work.

These are only some first ideas. The new Council, together with the collectivity of yogis, will decide on more concrete steps. When this new Council has been formed, we will be happy to inform you and seek your blessings on these new steps.

We praise and praise the beauty of the play of our Beloved Mother and we pray for the Divine strength to be more and more established in our collective so that, with full speed and humility, we might fulfil the vision of our Mother for this country and the world.

On behalf of the Belgian yogis, the actual Council For Advancement of Sahaja Yoga:
Bernard Cuvellier, Ann Maes, Peter Notenbaert, Ingrid Thys.
