LAA UQSIM BI-YAWM AL-QIYAMAH;
WA-LAA UQSIM BI-AN-NAFSAL-LAWWAAMAH

I (Allah) do call to witness the Resurrection Day;
And I (Allah) do call to witness the self-reproaching Spirit (Adi Shakti as Mother Kundalini).

Allah has decreed: "It is I and My messengers (of the Resurrection) who must prevail";
For Allah is One full of strength, able to enforce His Will.
Thou will not find any people who believe in Allah and the Last Day, loving those who resist Allah and His Messenger,
Even though they were their fathers or their sons, or their brothers or their kindred.
For such He has written Faith in their hearts, and strengthened them with a Spirit (Adi Shakti as Mother Kundalini) from Himself.

surah 58:21 Al Mujadidah, (The Woman Who Pleads)
(Abdullah Yusuf Ali, The Holy Quran, 1989.)

"I was amazed myself when I was born to see such ignorant people quarrelling over something which they do not know at all □ nothing of that kind. They are so ignorant. They do not know there is Power of God. They cannot feel it and what are they doing? Whether they are church people, or temple people, or all these scientists, when they talk about God they are at a level from where they cannot talk. But they are not even conscious that they are that level.

This is why we have to know that despite all efforts to destroy our scriptures this Knowledge that you have to become something else □ that you are to be reborn □ this Knowledge they could not destroy. They have tried to maneuver it for their own advantage. They have tried to use it for their own building up because they had to have big, big buildings, they must have big, big money projects, and sometimes they also must have some business. How can you do all these things in the name of God? Just think of it. And they are doing all these mad things and they call it God? And the seeker gets absolutely shocked and surprised that he also gets into the whole whirlpool. He just cannot get out of it because he is a seeker. He says, "Let me go and see for myself what it is. Let me burn my finger here and there and find out for myself."

Now I say again, like all these people have said □ You have to be born again! They have said it to prepare you all for this Time. It's My fortune that I have to do it. It has to happen. If they had said all these things either they were all false and wrong. So I am here to prove it □ not that they were wrong in any way but they were the only people who were enlightened. They had an eyesight to see much deeper than what you can see.

So within us lies that Power and that Power is anxious to give you your second birth. That Power lies as shown, lies in the triangular bone of sacrum and you can see with your naked eyes the rising of this Power. It has nothing to do with what nationality you have come from, what sort of clothes you are wearing, what sort of hair dress you have □ it has nothing to do with this but it has to do something with your inner being. And while in your inner being there are certain problems which you have created out of your ignorance, and this Power being your Mother □ your sweet loving Mother who has been born again and again with you □ knows your problems and She knows how to correct it."
