

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the Name of **Allah**, The Beneficent, The Merciful.

We will show them Our signs in all the regions of the earth and in their own souls, until they clearly see that this is the truth... [Fusilat : 53]

THE FISH TESTIFIES FOR THE PROPHET(S.A.W.):

The story of the fish began when Mr. George Wehbi, a Christian Lebanese, was practicing his fishing hobby, in Dakar, Senegal (the capital of West Africa). He caught many fish. When he went home his wife saw among them a strange fish about 50cms in length, with some Arabic writing on it. He took it to Sheikh al-Zein, who

read clearly what was written in a natural way, that could not be done by a human being, but rather a Godly creation which the fish was born with. He read: "**God's servant**" on its belly and "**Muhammad**" near its head, and "**His Messenger**" on its tail.

LA ILAHA ILLALLAH WRITTEN IN BRANCHES:

One brother from Germany wrote and sent this photo. "The branches clearly say in Arabic that - **There is no god but Allah**. This is said to be a scene on a piece of cultivated farmland in Germany. Many Germans have been said to have embraced Islam upon seeing this miraculous sight and that the German government put steel fences around that part of the farm to prevent people from visiting and witnessing this miraculous site."

RUKU IN SIDNEY:

This is a recently discovered phenomenon in a forest near Sidney. As you can see, the bottom half of the tree trunk is bowed in such a way that it resembles a person in a posture of Islamic prayer - the 'Ruku'. Looking closer you can see the 'hands' resting on the knees.

The most amazing thing is that the 'man' is directly facing the Holy Kaaba in Mecca, which is the direction makes u think does it not.

MOSQUE STILL STANDS AFTER EARTHQUAKE IN TURKEY:

A mosque still stands amidst the rubble of collapsed buildings in this aerial view of a neighborhood in the western Turkish town of Golcuk, 60 miles east of Istanbul, August 19, 1999. The death toll from western Turkey's worst recorded earthquake surpassed 6,000, as hope waned of finding any of the thousands still missing under the mountains of rubble.

THE CAT'S EYE NEBULA:

Three thousand light-years away, a dying star throws off shells of glowing gas. This image from the Hubble Space Telescope reveals The Cat's Eye Nebula to be one of the most complex planetary nebulae known.

As explained by the Holy Qur'an(55:37-38)

And when the heaven splitteth asunder and becometh rosy like red hide. Which is it, of the favours of your Lord, that ye deny?

HUMAN BODY TESTIFIES TO DIVINE TRUTH:

Human body testifies to divine truth

This is the pattern of air tubes in the lungs of all human beings. This pattern has been worked out with extreme precision on a computer in Saudi Arabia. The air pipes are distributed in the shape of the declaration of the Islamic creed in the arabic language that affirms the Oneness of Allah and the Prophethood of Muhammad(P.B.U.H). It reads "**La ilaha**

illallahu-Muhammad-ur-Rasullah" (There is no deity but Allah and Muhammad(P.B.U.H) is the Messenger of Allah). (Photo by courtesy of Dr. Syed Ashrafuddin, Jeddah, Saudi Arabia)
