We humans have Three Mothers. So declared the Paraclete at sixty and Lalita at six. (August 24, 2020)**We Humans Have Three Mothers****"That is why my daughter once told me that we humans have three mothers - the physical mother who gave birth, the spiritual Mother within who nourishes and guides us, and Mother Earth who sustains all life."**

Subject: **The Concept of Shakti: Hinduism as a Liberating Force for Women**— In shriadishakti@yahogroups.com, "jagbir singh" wrote:*The Sakti or Devi is thus the Brahman revealed in The Mother aspect (Srimata) as creatrix and nourisher of the worlds. Her first name in the Sri Lalita Sahasranama is Sri Mata. The reason such names are taken from that sacred text is because the Great Adi Shakti Herself acknowledged during Guru Puja at Camp Interval, Quebec, Canada on July 23, 1994, that Her original name is Shri Lalita Devi. Thus the 1000 names of Shri Lalita Sahasranama are attributed to Shri Mataji Nirmala Devi in the www.adishakti.org website. ...**That is why my daughter once told me that we humans have three mothers - the physical mother who gave birth, the spiritual Mother within who nourishes and guides us, and Mother Earth who sustains all life. (But such knowledge is only admissible if it is experienced and cross-examined against the religious texts.) It is the Sacred Mother within that we now pay attention to and not Her external manifestation.*

"You see, the Holy Ghost is the Mother. When they say about the Holy Ghost, She is the Mother... Now, the principle of Mother is in every, every scripture — has to be there. Now, the Mother's character is that She is the one who is the Womb, She is the one who is the Mother Earth, and She is the one who nourishes you. She nourishes us. You know that. And this Feminine thing in every human being resides as this Kundalini."
