

Earth Is A Conscious, Living Mother

The next evening Bhupinder gave Kash specific instructions and a mantra to recite before going into meditation. As directed, he put his right palm on the ground and uttered the mantra four times:

"Om Twameva Sakshat Shri Ganesha Sakshat Shri Adi Shakti Mataji Shri Nirmala Devi Namoh Namah."

The dormant Kundalini energy inside his sacrum bone sprang into life, coursed through the central nervous system, and pierced the Sahasrara. At that very instant, for the first time, he felt the Mother Earth breathing. She was breathing very gently and every heave of Her breath felt on his palm, going slowly up, and then down again. As he continued repeating the Mighty Mantra of Shri Ganesha the sacred Shri Bhumi Devi (Mother Earth) continued inhaling and exhaling to reveal Her true nature. Her superconscious child was sure beyond all doubts that Earth was breathing. This is truly the Dawn of Aquarius and human awareness will never be the same again. **Mother Earth is alive — This Revealed Truth is Absolute.**

The Earth Mother *is* alive: We have to feel Her, sense Her, hear Her, talk to Her and, most important, protect Her. We *must* defend Her for She *is* our Mother. She is a Conscious Being, a living cell of the infinite Universe. We have to transcend our debilitating ignorance, our destructive lifestyles, our cold selfishness, and transform ourselves into Higher Beings. It is time to begin the Great Journey that all Holy Scriptures, all Messengers, and all prophecies promised.

Awaken, humans, awaken! We *are* indeed at the crossroads of spiritual Eternity! Awaken and become masters of your spiritual Destiny! Awaken to bask in the first rays of the Millennium of Light! Let there be Love! Let there be Healing! Let there be Freedom! Let there be Justice! Let there be Transformation! Let there be Spiritual Evolution! Let there be Universal Truth! Let there be Collective Consciousness! Let there be Cosmic Bliss! Let there be Light! Let there be Light! Let there be . . .

"If the final goal of terrestrial evolution were only to awaken man to the supreme Reality and to release him from ignorance and bondage, so that the liberated soul could find elsewhere a higher state of being or merge into this supreme Reality, the task would be accomplished with the advent of the spiritual man. But there is also in us an aspiration for the mastery of Nature and her transformation, for a greater perfection in the Earthly existence itself.

If it is the sole intention of Nature in the evolution of the spiritual man to awaken him to the supreme Reality and release him from herself, or from the Ignorance in which she as the Power of the Eternal has masked herself, by a departure into a higher status of being elsewhere, if this step in the evolution is a close and an exit, then in the essence her work has been already accomplished and there is nothing more to be done. The ways have been built, the capacity to follow them has been developed, the goal or last height of the creation is manifest: all that is left is for each soul to reach individually the right stage and turn of its development, enter into the spiritual ways and pass by its own chosen path out of this inferior existence. But we have supposed that there is a farther intention,—not only a revelation of the Spirit, but a radical and integral transformation of Nature. There is a will in her to effectuate a true manifestation of the embodied life of the Spirit, to complete what she has begun by a passage from the Ignorance to the Knowledge, to throw off her mask and to reveal herself as the luminous Consciousness-Force carrying in her the eternal Existence and its universal Delight of being. It then becomes obvious that there is something not yet accomplished, there becomes clear to view the much that has still to be done . . . there is a height still to be reached, a wideness still to be covered by the eye of vision, the wing of the will, the self-affirmation of the spirit in the material universe. What the evolutionary Power has done is to make a few individuals aware of their souls, conscious of their selves, aware of the eternal being that they are, to put them into communion with the Divinity or the reality which is concealed by her appearances: a certain change of nature prepares, accompanies or follows upon this illumination, but it is not the complete and radical change which established a secure and settled new principle, a new creation, a permanent new order of being in the field of terrestrial Nature. The spiritual man has evolved, but not the supramental being who shall thenceforward be the leader of that Nature."

Sri Aurobindo, *The Future Evolution of Man* (August 1962)

(Web Publication by Mountain Man Graphics, Australia in the Southern Spring of 1996)

"The Declaration of Interdependence, The Gaia hypothesis, first advanced by British biochemist James Lovelock, deeply influenced New Age thinkers. It holds that the Earth should be regarded as a living organism with interrelated parts; therefore all living creatures are inextricably connected to each other . . . We see that a universal set of spiritual realities runs through the world's mythologies, religions, and healing traditions. Understanding and respecting the interdependence of all things is the backbone of the New Age."

The Woman Of Great Beauty

As he came through the celestial clouds and opened his spiritual eyes, the Great Ancient Matriarch was there to receive him. The sight of HER standing right in front stunned the young child. Who was this beautiful, young Woman who had appeared out of nowhere in this peaceful Paradise? Who was this dazzling Being, all dressed in a stunning red and white sari, who had come to greet him? In the first place where was he?

Shri Mataji Nirmala Devi smiled and held out HER Hands, with open, upturned palms. Shri Maharajni Shri Nirmala Devi⁵² told him to do the same and put his downturned palms over HER's. As Kash did so he found himself being levitated a few inches off the ground. Both began traveling towards the extremely brilliant Light, quickly reaching their destination and slowing down to a standstill. A short distance away was a majestic golden Throne. Kash realized it was the same place he had seen the day before, for it was still under the same Light.

The Great Sacred Mother walked to the Throne and sat on it. Kash followed and squatted before HER, the luxuriant clouds providing extreme comfort.

He did not even bow down to HER for he had no idea what to do. All he knew that he had been meditating on Earth and now he was in some strange land sitting before a very beautiful Woman on a majestic Golden Throne. He was sure that he was not dreaming, but just what was going on?

Shri Sarvaruna Shri Nirmala Devi⁵³ then told him that they would meditate. Both simultaneously raised their Kundalinis and Kash realized that the Mater Sanctissima (Most Holy Mother) was repeating the same method of Kundalini awakening he had been taught by his father's friend. SHE brought both HER Hands together and from the Mooladhara Chakra continuously encircled the left with the right, slowly rising all the way to the Sahasrara Chakra. Shri Maha Avatar Shri Nirmala Devi then tied a knot just above the Brahmrandhra (top of head). This was repeated two more times. Then SHE opened HER left palm, resting it on the left knee, and with the right hand drew a protective arch over the entire body from left to right. This was done seven times. SHE then joined both palms in Namaskar and closed HER eyes. Both lapsed into meditation.

The attainment of the state of Sahaj Samadhi came instantly to Kash.^{PT} The onrushing bliss was beyond description as the thoughtless state intensified the indescribable Joy. Wave upon wave of Paramchaitanya buffeted him into spiritual ecstasy. The spirit had merged into the Spirit. The human had become the Divine. The drop had become the Ocean. The individual consciousness had become the Universal Consciousness. Time lost its essence and he could have easily remained suspended in this bliss for hours, even days.

After about 20 minutes the SPIRIT of the Living GOD, Shri Mataji Nirmala Devi tapped him on his shoulders and immediately he came out of Nirvana. SHE told him that it was time to go. Kash did not even thank HER, so dazed was he by this spiritual experience. He just closed his spiritual eyes and descended through the thick layer of clouds, back to this planet known as Earth. When he opened his physical eyes he was at 3495 Ivan Franco 107, Lachine, Montreal, Canada.

PT "Samadhi ("total self-collectedness"), in Hindu and Buddhist religion and philosophy, the highest state of mental concentration that a person can achieve while still bound to the body and which unites him with the highest reality. Samadhi is a state of profound and utterly absorptive contemplation of the Absolute that is undisturbed by desire, anger, or any other ego-generated thought or emotion. It is a state of joyful calm, or even of rapture and beatitude, in which one maintains one's full mental alertness and acuity. Samadhi is regarded in Hinduism and Buddhism as the climax of all spiritual and intellectual activity. The power to attain samadhi is a precondition of attaining release from the cycle of rebirths (samsara)."

Britannica Online (1994-1998 Encyclopædia Britannica, Inc.)

PT This state of meditation was a state of mind *within* a state of mind. He was in deep meditation on Earth but not in the Sahasrara, where his spiritual Self was wide awake. The physical eyes of his physical self were closed in meditation but the spirit eyes of his spirit self were not! Only when requested by the Great ADI SHAKTI did he enter the Ultimate Reality — the spirit meditating with the Spirit and merging as One! It would benefit the reader immensely if this state is properly understood as the Great Spirit of Truth has *repeatedly* made it absolutely clear that everything is *within* humans. The entire KINGDOM OF GOD is *within*. The Ultimate Reality is *within*. Everything is *within*. EVERYTHING!

⁵² Maharajni (2nd): The Great Empress. In this name the second act of Her, 'Sthiti' is indicated. 'Yena Jatani Jivanti': By whom all creatures live — Taittiriya Upanisad 3.1. She, who rules the entire Universe and, is its law and its execution. Every law or truth that man discovers is just a glimpse of that great will or law of that Great Empress.

⁵³ Sarvaruna: (50th): From head to foot She is faultlessly beautiful.
